The competent authorities of the Contracting States shall notify each other of significant changes which have been made in their respective taxation laws.

ARTICLE 3

General Definitions

1. For the purposes of this Agreement, unless the context otherwise requires:

(a). the term "Lao PDR" means the Lao People's Democratic

Republic; when used in a geographical sense, it means all

its national territory, including its territorial water and any

Lao PDR legislation and in accordance with international

law, has sovereign rights of exploration for and exploitation of

natural resources of waterbed and its subsoil and

superjacent water mass.

- (b). the term "Thailand" means the Kingdom of Thailand and includes any area adjacent to the territorial waters of the Kingdom of Thailand which by Thai legislation, and in accordance with the international law, has been or may hereafter be designated as an area within which the rights of the Kingdom of Thailand with respect to the sea-bed and subsoil and their natural resources may be exercised;
- (c). the terms "a Contracting State" and "the other Contracting State" mean Lao PDR or Thailand as the context requires;
- (d). the term "person" includes an individual, a company and any other body of persons as well as any entity treated as a taxable unit under the taxation laws in force in either Contracting State;
- (e). the term "company" means any body corporate or any entity which is treated as a body corporate for tax purposes;
- (f). the terms "enterprise of a Contracting State" and "enterprise of the other Contracting State" mean respectively an enterprise carried on by a resident of a Contracting State and an enterprise carried on by a resident of the other Contracting State;

2. As regards the application of the Agreement by a Contracting State, any term not defined therein shall, unless the context otherwise requires; have the meaning which it has under the law of that State concerning the taxes to which the Agreement applies.

ARTICLE 4

Resident

1. For the purposes of this Agreement, the term "resident of a Contracting State" means any person who, under the laws of that State, is liable to tax therein by reason of his domicile, residence, place of incorporation, place of management or any other criterion or a similar nature. But this term does not include any person who is liable to tax in that State in respect only of income from sources in that State.

2. Where by reason of the provisions of paragraph 1 an individual is a resident of both Contracting States, then his status shall be determined as follows:

- (a) he shall be deemed to be a resident of the State in which he has a permanent home available to him; if he has a permanent home available to him in both States, he shall be deemed to be a resident of the State with which his personal and economic relations are closer (centre of vital interests);
- (b) if the Contracting State in which he has his centre of vital interests cannot be determined, or if he has not a permanent home available to him in either State, he shall be deemed to be a resident of the State in which he has an habitual abode;

- (c) if he has an habitual abode in both States or in neither of them, he shall be deemed to be a resident of the State of which he is a national;
 - (d) if he is a national of both States or of neither of them, the competent authorities of the Contracting States shall settle the question by mutual agreement.
3. Where by reason of the provisions of paragraph 1, a person other than an individual is a resident of both Contracting State, then it shall be deemed to be a resident of the State where it was incorporated.

ARTICLE 5

Permanent Establishment

1. For the purposes of this Agreement, the term "permanent establishment" means a fixed place of business through which the business of the enterprise is wholly or partly carried on.
2. The term "permanent establishment" includes especially:
- (a) a place of management;
 - (b) a branch;
 - (c) an office;
 - (d) a factory;
 - (e) a workshop;
 - (f) a mine, an oil or gas well, a quarry or any other place of extraction of natural resources;
 - (g) a farm or plantation;
 - (h) a warehouse, in relation to a person providing storage facilities for others;
 - (i) a building site, a construction, installation or assembly project or supervisory activities in connection therewith, where such site, project or activities continue for a period of

more than six months;

- (j) the furnishing of services including consultancy services by a resident of one of the Contracting States through employees or other personnel, where activities of that nature continue for the same or a connected project within the other Contracting State for a period or periods aggregating more than six months within any twelve- month period.

3. Notwithstanding the preceding provisions of this Article, the term "permanent establishment" shall be deemed not to include:

- (a) the use of facilities solely for the purpose of storage, display or delivery of goods or merchandise belonging to the enterprise;
- (b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, display or delivery;
- (c) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;
- (d) the maintenance of a fixed place of business solely for the purpose of purchasing goods or merchandise, or of collecting information, for the enterprise;
- (e) the maintenance of a fixed place of business solely for the purpose of advertising, for the supply of information, for scientific research or for similar activities which have a preparatory or auxiliary character, for the enterprise.
- (f) the maintenance of a fixed place of business solely for any combination of activities, mentioned in subparagraphs (a) to (e), provided that the overall activity of the fixed place of business resulting from this combination is of a preparatory or auxiliary character.

4. Notwithstanding the provisions of paragraphs 1 and 2, where a person -- other than an agent or in independent status to whom paragraph 5 applies -- is acting on behalf of the enterprise and has, and habitually exercises in a Contracting State an authority to conclude contracts in the name of the enterprise, that enterprise shall be deemed to have a permanent establishment in that State in respect or any activities which that person undertakes for the enterprise, unless the activities of such person are limited to those mentioned in paragraph 3 which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph.

5. An enterprise of a Contracting State shall not be deemed to have a permanent establishment in the other Contracting State merely because it carries on business in that other State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business.

6. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

ARTICLE 6

Income From Immovable Property

1. Income derived by a resident of a Contracting State from immovable property (including income from agriculture or forestry) situated in the other Contracting State may be taxed in that other State.

2. The term "immovable property" shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working

of, or the right to work, mineral deposits, sources and other natural resources; vessels, vehicles and aircraft shall not be regarded as immovable property.

3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting, or use in any other form of immovable property.

4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise and to income from immovable property used for the performance of independent personal services.

ARTICLE 7

Business Profits

1. The income or profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in other Contracting State through a permanent establishment situated therein.

If the enterprise carries on business as aforesaid, the profits of enterprise may be taxed in the other State but only so much of them as is attributable to that permanent establishment.

2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the income or profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.

3. In the determination of the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the business of the permanent establishment including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere.

4. Insofar as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of a certain percentage of the gross receipt of the enterprise or of the permanent establishment or on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude that Contracting State from determining the profits to be taxed by such a method as may be customary; the method adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.

5. No income or profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

6. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

7. Where income or profits include items of income which are dealt with separately in other Articles of this Agreement, then the provisions of those Articles shall not be affected by the provisions of this Article.

ARTICLE 8

International Transport

1. Income or profits derived by an enterprise of a Contracting State from the operation of aircraft or vehicles in international traffic shall be taxable only in that Contracting State.

2. Income or profits derived by an enterprise of a Contracting State from the operation of vessels in international traffic may be taxed in the other Contracting State, but the tax imposed in that other State shall be reduced by an amount equal to 50 percent thereof.

3. The provisions of paragraphs 1 and 2 shall also apply to income or profits from the participation in a pool, a joint business or an international operating agency.

ARTICLE 9

Associated Enterprises

Where:

- (a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or
- (b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State, and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

ARTICLE 10

Dividends

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.
2. However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws of that State, but if the recipient is the beneficial owner or the dividends the tax so charged shall not exceed 15 percent of the gross amount of the dividends.

This paragraph shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

3. The term "dividends" as used in this Article means income from shares, mining shares, founders' shares or other rights, not being debt-claims, participating in profits, as well as income from other corporate rights which is subjected to the same taxation treatment as income shares by the laws of the State of which the company making the distribution is a resident.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated therein, or performs in that other Contracting State independent personal services from a fixed base situated therein, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

5. Where a company which is a resident of a Contracting State derives income or profits from the other Contracting State, that other Contracting State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other State, nor subject the company's undistributed profits to a tax on the company's undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of income or profits arising in such other State. Nothing in this paragraph shall be construed as preventing a Contracting State from imposing income tax, according to the laws of that State, on the disposal of profits made by a permanent establishment situated therein.

ARTICLE 11

Interest

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such interest may also be taxed in the Contracting State in which it arises and according to the laws of that State, but if the recipient is the beneficial owner of the interest the tax so charged shall not exceed:

- (a) 10 percent or the gross amount of the interest if it is received by any financial institution (including an insurance company);
- (b) 15 percent of the gross amount of the interest in other cases.

The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of this limitation.

3. Notwithstanding the provisions of paragraph 2, interest arising in a Contracting State and paid to the Government of the other Contracting State, shall be exempt from tax in the first-mentioned Contracting State.

For the purposes of this paragraph, the term "Government"

- (a) in the case of Lao People's Democratic Republic, means the Government of the Lao PDR and shall include:
 - (i) the Bank of Lao PDR;
 - (ii) the Bank for Foreign Trade of Lao PDR;
 - (iii) the local authorities; and
 - (iv) such institution, the capital of which is wholly owned by the Government of the Lao People's Democratic Republic or any local authorities as may be agreed from time to time between the competent authorities of the two Contracting States;
- (b) in the case of Thailand, means the Government of the Kingdom of Thailand and shall include:
 - (i) the Bank of Thailand;
 - (ii) the Export-Import Bank of Thailand;
 - (iii) the local authorities; and
 - (iv) such institution, the capital of which is wholly owned by the Government of the Kingdom of Thailand or any local authorities as may be agreed from time to time between the competent authorities of the two Contracting States;

4. The term "interest" as used in this Article means income, from debt-claims of every kind, whether or not secured by mortgage, and whether or not carrying a right to participate in the debtor's profits, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures, as well as income assimilated to income from money lent by the taxation law of the Contracting State in which the income arises. Penalty charges for late payment shall not be regarded as interest for the purpose of this Article.

5. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment or fixed base. In such cases the provisions of Article 7 or Article 14, as the case may be, shall apply.

6. Interest shall be deemed to arise in a Contracting State when the payer is that State itself, a political subdivision, a local authority or a resident of that State. Where, however, the person paying the interest, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment or fixed base, then such interest shall be deemed to arise the State in which the permanent establishment or fixed base is situated.

7. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Agreement.

ARTICLE 12

Royalties

1. Royalties arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.
2. However, such royalties may also be taxed in the Contracting State in which they arise and according to the laws of that State, but if the recipient is the beneficial owner of the royalties, the tax so charged shall not exceed 15 percent of the gross amount of the royalties.
3. The term "royalties" as used in this Article means payments or any kind received as a consideration for the alienation of or the use of, or the right to use, any copyright of literary, artistic or scientific work including cinematograph films, or films or tapes used for radio or television broadcasting, any patent, trade mark, design or model, plan, secret formula or process, or for the use of, or the right to use, industrial, commercial, or scientific equipment, or for information concerning industrial, commercial or scientific experience.
4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment or fixed base. In such cases the provisions of Article 7 or Article 14, as the case may be, shall apply.
5. Royalties shall be deemed to arise in a Contracting State when the payer is that State itself, a political subdivision, or a local authority or a resident of that State. Where, however, the person paying the royalties, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the liability to pay the royalties was incurred, and such royalties are borne by such permanent establishment or fixed base, then such royalties shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

6. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Agreement.

ARTICLE 13

Capital Gains

1. Gains derived by a resident of a Contracting State from the alienation of immovable property referred to in Article 6 and situated in the other Contracting State may be taxed in that other State.

2. Gains from the alienation of movable property forming part of the business property of a permanent establishment which an enterprise of a Contracting State has in the other Contracting State or of movable property pertaining to a fixed base available to a resident of a Contracting State in the other Contracting State for the purpose of performing independent personal services, including such gains from the alienation of such a permanent establishment (alone or with the whole enterprise) or of such a fixed base, may be taxed in that other State.

3. Gains derived by an enterprise of a Contracting State from the alienation of vessels, vehicles or aircraft operated in international traffic or movable property pertaining to the operation of such vessel or aircraft or vehicle, shall be taxable only in that State.

ARTICLE 14

Independent Personal Services

1. Income derived by a resident of a Contracting State in respect of professional services or other activities of an independent character shall be taxable only in that State: unless he has a fixed base regularly available to him in the other Contracting State for the purpose of performing his activities, for a period or periods amounting to or exceeding in the aggregate 183 days within any twelve-month period; in that case, only so much of the income as is attributable to that fixed base may be taxed in that other State.

2. Notwithstanding the provisions of paragraph 1, remuneration derived by a resident of a Contracting State in respect of an employment exercised in the other Contracting State shall be taxable only in the first-mentioned State if:

3. Income derived by a resident of a Contracting State from activities exercised in a Contracting State as envisaged in paragraphs 1 and 2 of this Article, shall be exempt from tax in that State if the visit to that State is supported wholly or mainly by public funds of the other Contracting State including any local authority or statutory body thereof.

 - b) Where the income derived from Thailand is a dividend paid by a company which is a resident of Thailand to a company which is a resident of Lao PDR and which owns not less than 25 percent of the shares of the company paying the dividend, the credit shall take into account the tax paid to Thailand by the company paying the dividend in respect of its income.

3. Enterprises of a Contracting State, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of the other Contracting State, shall not be subjected in the first-mentioned State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which other similar enterprises of the first-mentioned State are or may be subjected.

5. The provisions of this Article shall only apply to the taxes which are the subject of this Agreement

ARTICLE 25

The case must be presented within three years from the first notification of the action resulting in taxation not in accordance with the provisions of this Agreement.

2. The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement

with the competent authority of the other Contracting State with a view to the avoidance of taxation which is not in accordance with the Agreement.

3. The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of the Agreement.

4. The competent authorities of the Contracting State may communicate with each other directly for the purposes of reaching an agreement in the sense of the preceding paragraphs.
