The meaning of a term under the taxation law of that State shall have priority over the meaning provided for such term in other branches of law of that State.

ARTICLE 4

RESIDENT

1. For the purposes of this Convention, the term “resident of a Contracting State” means any person who, under the laws of that State, is liable to tax therein by reason of his domicile, residence, place of incorporation, place of management or any other criterion of a similar nature; and this term shall also include the State itself and its local authority. But this term does not include any person who is liable to tax in that State in respect only of income from sources in that State.

2. Where by reason of the provisions of paragraph 1 an individual is a resident of both Contracting States, then his status shall be determined as follows :

- (a) he shall be deemed to be a resident of the State in which he has a permanent home available to him; if he has a permanent home available to him in both States, he shall be deemed to be a resident of the State with which his personal and economic relations are closer (centre of vital interests) ;

ARTICLE 5

PERMANENT ESTABLISHMENT

1. For the purposes of this Convention, the term “permanent establishment” means a fixed place of business through which the business of an enterprise is wholly or partly carried on.
2. The term “permanent establishment” includes especially:

- (b) the furnishing of services including consultancy services by a resident of one of the Contracting States through employees or other personnel, but only where activities of that nature continue for the same or a connected project within the other Contracting State for a period or periods aggregating more than 6 months within any twelve-month period.

4. Notwithstanding the preceding provisions of this Article, the term “permanent establishment” shall be deemed not to include :

- (a) the use of facilities solely for the purpose of storage or display of goods or merchandise belonging to the enterprise ;
- (b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage or display ;

- (f) the maintenance of a fixed place of business solely for any combination of activities mentioned in subparagraphs (a) to (e), provided that the overall activity of the fixed place of business resulting from this combination is of a preparatory or auxiliary character.

5. Notwithstanding the provisions of paragraphs 1, 2 and 3 of this Article, where a person - other than an agent of an independent status to whom paragraph 7 of this Article applies - is acting in a Contracting State, on behalf of the enterprise of the other Contracting State, the enterprise shall be deemed to have a permanent establishment in the first-mentioned Contracting State, if such a person :

- (a) has and habitually exercises in the first-mentioned State, an authority to conclude contracts on behalf of the enterprise; unless his activities are limited to the purchase of goods or merchandise for the enterprise ;
- (b) has no such authority, but habitually maintains in the first-mentioned State a stock of goods or merchandise belonging to the enterprise from which he regularly fills orders or makes deliveries on behalf of the enterprise ; or
- (c) has no such authority, but habitually secures orders in the first-mentioned State wholly or almost wholly for the enterprise or for the enterprise and other enterprises which are controlled by it or have a controlling interest in it.

6. Notwithstanding the preceding provisions of this Article, an insurance enterprise of a Contracting State shall, except in regard to reinsurance, be deemed to have a permanent establishment in the other State if it collects premiums in the territory of that other State or insures risks situated therein through a person other than an agent of an independent status within the meaning of paragraph 7 of this Article.

7. An enterprise of a Contracting State shall not be deemed to have a permanent establishment in the other Contracting State merely because it carries on business in that other State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business. However, when the activities of such an agent are devoted wholly or almost wholly on behalf of that enterprise or on behalf of that enterprise and other enterprises, which are controlled by it or have a controlling interest in it, he will not be considered an agent of independent status within the meaning of this paragraph.

8. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

ARTICLE 6

INCOME FROM IMMOVABLE PROPERTY

1. Income derived by a resident of a Contracting State from immovable property (including income from agriculture or forestry) situated in the other Contracting State may be taxed in that other State.
2. The term “immovable property” shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources; ships, boats and aircraft shall not be regarded as immovable property.
3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting, or use in any other form of immovable property.
4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise and to income from immovable property used for the performance of independent personal services.

ARTICLE 7

BUSINESS PROFITS

1. The income or profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the income or profits of the enterprise may be taxed in the other State but only so much of them as is attributable to ;

- (a) that permanent establishment ;
- (b) sales in that other State of goods or merchandise of the same or similar kind as those sold through that permanent establishment ; or
- (c) other business activities carried on in that other State of the same or similar kind as those effected through that permanent establishment.

2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the income or profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.

3. In the determination of the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the business of the permanent establishment including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere. No such deduction shall be allowed in respect of amounts, if any, paid (otherwise than towards reimbursement of actual expenses) by the permanent establishment to the enterprise or any of its other offices by way of payments in return for the use of patents or other rights, or by way of commission, for specific services performed or for management, or, except in the case of a banking enterprise, by way of interest on moneys lent to the permanent establishment.

4. Insofar as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of a certain percentage of the gross receipt of the enterprise or of the permanent establishment or on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude that Contracting

State from determining the profits to be taxed by such a method as may be customary; the method adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.

5. If the information available to the taxation authority of a Contracting State is inadequate to determine the profits to be attributed to the permanent establishment of an enterprise, nothing in this Article shall affect the application of any law of that State relating to the determination of the tax liability of a person provided that law shall be applied so far as the information available to the taxation authority permits consistently with the principles of this Article.

6. No income or profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

7. For the purposes of the preceding paragraphs, the income or profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

8. Where income or profits include items of income which are dealt with separately in other Articles of this Convention, then the provisions of those Articles shall not be affected by the provisions of this Article.

ARTICLE 8

INTERNATIONAL TRANSPORT

1. Income or profits derived by an enterprise of a Contracting State from the operation of aircraft and railway or road vehicles in international traffic shall be taxable only in that Contracting State.

2. Income or profits derived by an enterprise of a Contracting State from the operation of ships in international traffic may be taxed in the other Contracting State, but the tax imposed in that other State shall be reduced by an amount equal to 50 per cent thereof.

3. The provisions of paragraphs 1 and 2 shall also apply to income or profits from the participation in a pool, a joint business or an international operating agency.

ARTICLE 9

ASSOCIATED ENTERPRISES

Where

- (a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or
- (b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any income or profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the income or profits of that enterprise and taxed accordingly.

2. Where a Contracting State includes in the profits of an enterprise of that State, and taxes accordingly, profits on which an enterprise of the other Contracting State has been charged to tax in that other State and the profits so included are profits which would have accrued to the enterprise of the first mentioned State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other State shall make an appropriate adjustment to the amount of the tax charged therein on those profits in accordance with the taxation laws of that other State. In determining such adjustment, due regard shall be had to the other provisions of the Convention and the competent authorities of the Contracting States may, if necessary, consult each other.

ARTICLE 10

DIVIDENDS

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.

2. However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws of that State, but if the beneficial owner of the dividends is a resident of the other Contracting State, the tax so charged shall not exceed 10 per cent of the gross amount of the dividends. The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of this limitation.

This paragraph shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

3. The term “dividends” as used in this Article means income from shares, mining shares, founders’ shares or other rights, not being debt-claims, participating in profits, as well as income from other corporate rights which is subjected to the same taxation treatment as income from shares by the laws of the State of which the company making the distribution is a resident.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

5. Where a company which is a resident of a Contracting State derives income or profits from the other Contracting State, that other State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or

insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other State, nor subject the company's undistributed profits to a tax on the company's undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of income or profits arising in such other State. Nothing in this paragraph shall be construed as preventing a Contracting State from imposing income tax, according to the laws of that State, on the disposal of profits made by a permanent establishment situated therein.

ARTICLE 11

INTEREST

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such interest may also be taxed in the Contracting State in which it arises and according to the laws of that State, but if the beneficial owner of the interest is a resident of the other Contracting State, the tax so charged shall not exceed:

- (a) 10 percent of the gross amount of the interest if it is received by any financial institution (including an insurance company) ;
- (b) 15 percent of the gross amount of the interest in other cases.

The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of these limitations.

3. Notwithstanding the provisions of paragraph 1 and 2, interest arising in a Contracting State and paid to the Government of the other Contracting State shall be exempt from tax in the first-mentioned Contracting State.

For the purposes of this paragraph, the term "Government"

- (a) in the case of Thailand, means the Government of the Kingdom of Thailand and shall include :

- (i) the Bank of Thailand ;
- (ii) Export-Import Bank of Thailand;
- (iii) the local authorities ; and
- (iv) such institutions, the capital of which is wholly owned by the

Government

of the Kingdom of Thailand or any local authorities as may be agreed from time to time between the competent authorities of the two Contracting States ;

 - (iv) any other similar government institution that will be agreed by the competent authorities of the Contracting States.

4. Notwithstanding the provisions of Article 7 of this Convention, interest arising in a Contracting State paid to and held by a resident of the other Contracting State shall be exempt from tax in the first-mentioned State if it was paid in respect of loan made, guaranteed or insured, or in respect of any other debt-claim or credit guaranteed or insured on behalf of the other Contracting State by its authorized organ.

5. The term “interest” as used in this Article means income, from debt-claims of every kind, whether or not secured by mortgage, and whether or not carrying a right to participate in the debtor’s profits, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures, as well as income assimilated to income from money lent by the taxation law of the Contracting State in which the income arises. Penalty charges for late payment shall not be regarded as interest for the purpose of this Article.

6. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

7. Interest shall be deemed to arise in a Contracting State when the payer is that State itself, a local authority or a resident of that State. Where, however, the person paying the interest, whether he is a resident of a Contracting State or not, has in any Contracting State a permanent establishment or a fixed base in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment or fixed base, then such interest shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

8. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

ARTICLE 12

ROYALTIES

1. Royalties arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such royalties may also be taxed in the Contracting State in which they arise and according to the laws of that State, but if the beneficial owner of the royalties is a resident of the other Contracting State, the tax so charged shall not exceed 15 per cent of the gross amount of the royalties.

The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of this limitation.

3. The term “royalties” as used in this Article means payments of any kind received as a consideration for the alienation of or the use of, or the right to use, any copyright of literary, artistic or scientific work including cinematograph films, or films or tapes used for radio or television broadcasting, any patent, trade mark, design or model, plan, secret formula or process, or for the use of, or the right to use, industrial, commercial, or scientific equipment, or for information concerning industrial, commercial or scientific experience.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment or fixed base. In such cases the provisions of Article 7 or Article 14, as the case may be, shall apply.

5. Royalties shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the royalties, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the liability to pay the royalties was incurred, and such royalties are borne by such permanent establishment or fixed base, then such royalties shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

6. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties, having regard to the

use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

ARTICLE 13

CAPITAL GAINS

1. Gains derived by a resident of a Contracting State from the alienation of immovable property referred to in Article 6 and situated in the other Contracting State may be taxed in that other State.
2. Gains from the alienation of movable property forming part of the business property of a permanent establishment which an enterprise of a Contracting State has in the other Contracting State or of movable property pertaining to a fixed base available to a resident of a Contracting State in the other Contracting State for the purpose of performing independent personal services, including such gains from the alienation of such a permanent establishment (alone or with the whole enterprise) or of such a fixed base, may be taxed in that other State.
3. Gains derived by an enterprise of a Contracting State from the alienation of ships, aircraft and railway or road vehicles operated in international traffic or movable property pertaining to the operation of such ships, aircraft and railway or road vehicles shall be taxable only in that State.
4. Gains from the alienation of any property other than that referred to in paragraphs 1, 2 and 3 of this Article and paragraph 3 of Article 12, shall be taxable only in the Contracting State of which the alienator is a resident. Nothing in this paragraph shall prevent either Contracting State from taxing the gains or income from the sale or transfer of shares, the capital stock of a company the property of which consists directly or indirectly principally of immovable property situated in a Contracting State or other securities.

ARTICLE 14

1. Income derived by a resident of a Contracting State in respect of professional or other activities of an independent character shall be taxable only in that State except in the following circumstances, when such income may also be taxed in the other Contracting State :

that income may, notwithstanding the provisions of Articles 7, 14 and 15, be taxed in the Contracting State in which the activities of the entertainer or sportsman are exercised.
