Company revenue will be calculated after the deduction of BONUS + REBATE.

Commission for affiliate will depend on the total lose amount of their affiliate members.

Example of commission calculation: Your Commission Earn = (Company Revenue - Promotion Bonuses - Rebate) x Commission Rate %

REVENUE SHARE COMMISSION PLAN

Your commission is based on the total amount of member's loss.

Referring to the following table:

| Monthly Total Net Profit | Monthly Active Member | Commission Rate |
|---------------------------|-----------------------|-----------------|
| 0 – 1,500,000 INR | 2 | 30% |
| 1,500,001 – 3,500,000 INR | 3 | 35% |
| 3,500,000 INR ABOVE | 5 | 40% |

- Monthly commission rate (%) will be determined base on the total loss and total active players. Whichever to be fulfilled first. All sales achievement is not allowed to carry forward to the next month. It will auto calculate based on monthly achievement.
- Commission will be released every 1st or 2nd of the month.
- No negative revenue carry forward.

Company revenue Example :

Member total lose = 4,500,000
