

# Emergency Call Recordings In Japan

## FOR EARTHQUAKES & OTHER DISASTERS

Print this out and keep a copy in your emergency evacuation bag and another in an easily accessible place (like on the fridge). There are specified days when you can test out the system click the link below to find out when they are this year...

### To Record A Message

(in case you can't contact loved ones by phone or internet)

Dial 171

Press 1

Input your phone number \_\_\_\_\_

Press 1#

After the "beep" record your message

Finish with #9 or hang up

### To Listen To Recordings

Dial 171

Press 2

Input your phone number \_\_\_\_\_

Press 1#

Any messages that have been recorded will play

If you want to listen again, press #1

It's also a good idea to have a list of your most important phone numbers handy in case the TV falls and lands on your keitai!
