- **Medium-term :** MTP2026 (3 years ending March 2027)
Net profit of ¥120 bn, ROE 12% or above (3 years average)
- Additional KPI: increase **EPS +10%/year** to achieve **MTP2026 EPS 570 yen** (3-year average)

Management Philosophy

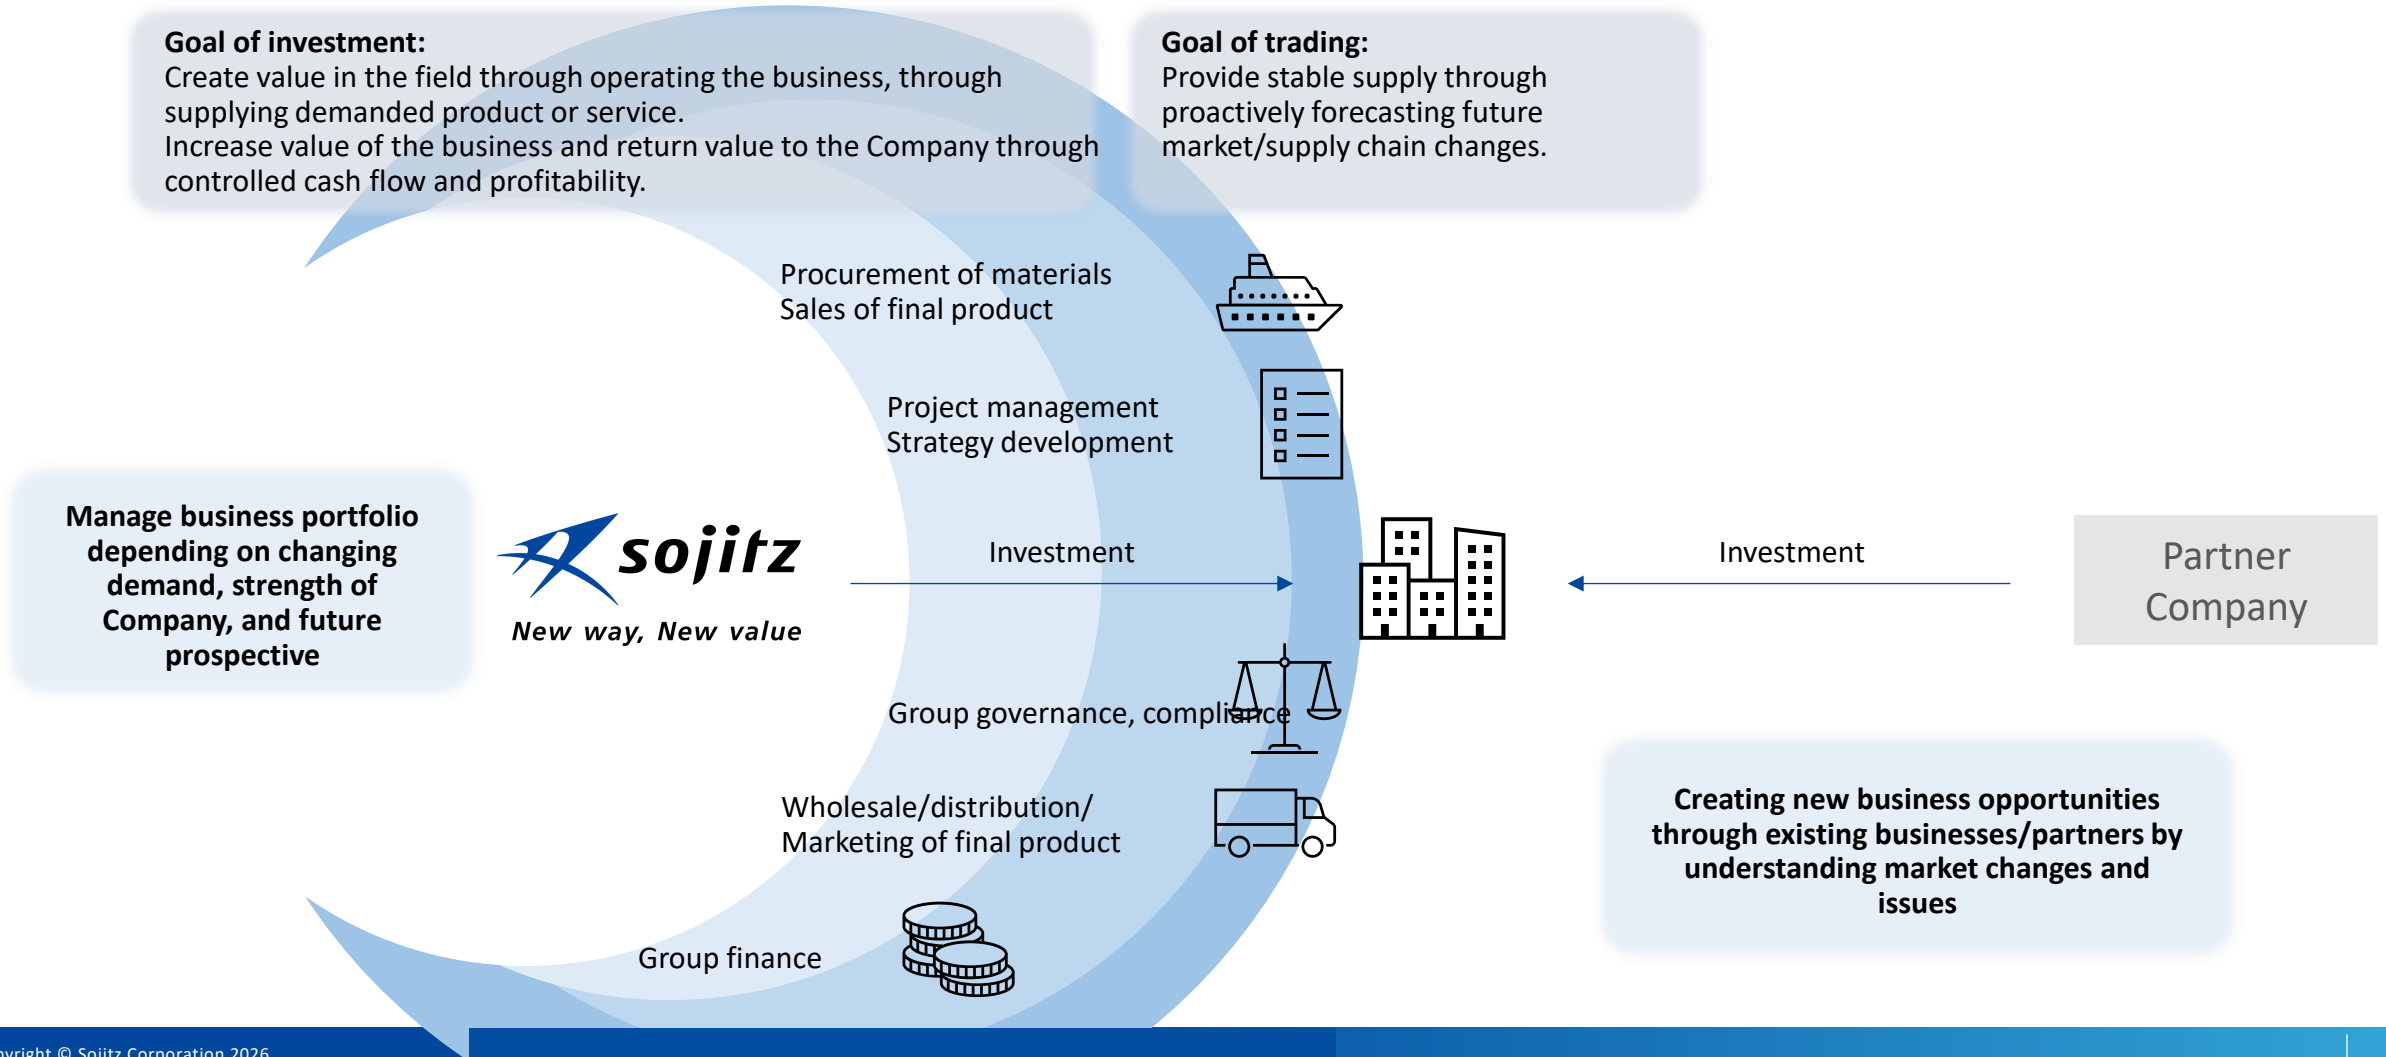

- **Cash flow management:** Cash for investments and shareholder returns generated from operating cash flow and sale of assets.
- **Cash flow allocation: 70% of core operating cash flow* to investments, 30% to shareholder returns.**
- **Shareholder return: Progressive dividend of 4.5% of shareholder equity.**
- 30% of core operating cash flow minus dividends allocated to share repurchase.
- **New investments monitored through ROI; business divisions profitability monitored through CROIC.**

Investment Catalyst

- **Focus and growth from non-cyclical businesses**
- **Structural reforms in business portfolio**
- **Under-valued stock price**

*Core operating cash flow: Cash flow after deducting changes in working capital from operating cash flows

- Diversified conglomerate, involved in facilitating trades and investment in multiple fields/geographical locations.
- Sustainably adding corporate value through increase in value of businesses through efficient operation.
- Focus on cultivating human resources and corporate culture to enable above goals.

Strong Cash and Risk Management Control

- Through lessons learnt through the foundation of the Company, heavy focus on managing cash flow, allocating cash and managing risk.
- CROIC management among each business division.
- Above has led the company to maintain profit/cash flow level even during harsh business environments such as years of plummeting market prices and covid.
- New business investments goes through internal hurdle of CROIC target of each business division, internal requirement of reaching ROI 10% within 3 years after investment. If not successful, businesses will be a candidate of recycling.

Human Resources with operational expertise and business creating talents

- Human resources focusing on maintaining trust with customers/partners, creating value to markets, due to experiences and lessons from company merger, and lost trust during those times.
- Diverse talents in the business field devising new business models

Nimble and Agile Corporate Culture

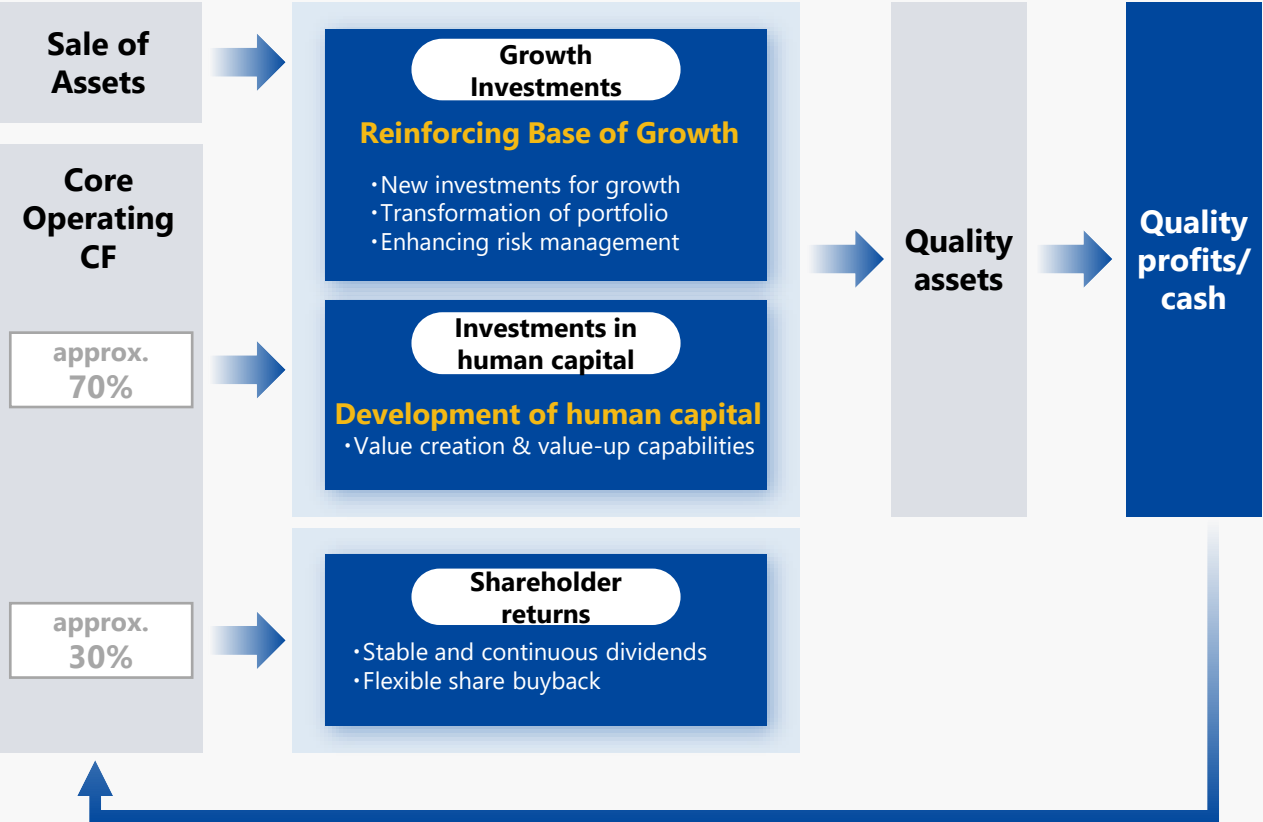

- Relatively small corporate size and management emphasis nurturing open culture, leading to creations of cross-divisional businesses.
- Agile and nimble corporate structure enabling quick transformation of business, and the ability to seize opportunities in a speedy manner.

Diverse long-time partners, creating diverse sources of Solutions

- Long-time partnerships with companies in various sectors globally giving the company various opportunities of new businesses.

- Cash flow management: Implementing growth/human capital investments and shareholder returns aimed at further growth by using the cash generated from our businesses and the proceeds from sale of assets as a source of funds.
- Cash allocation Policy: Allocating approx. **70%** of the core operating CF **to growth/human capital investments** and approx. **30%** to shareholder returns.
