## Notes:

1. This confirmation document does not guarantee the quality or functionality of any product, compliance with any specification, or interoperability with other MHL products. Adopter is solely responsible for the quality, functionality, interoperability and specification conformance of Adopter's products.
2. This confirmation is based upon the information Adopter has supplied and Adopter's representation that the products listed under "Identical Product(s)" have the same hardware and software as the Tested Product and would successfully pass the entire MHL compliance test.
