**Hi! Welcome to the Tokyo Travel Workshop!**

**If you're ready to enjoy Tokyo with your baby with the least stress and the most fun, then this is the place to be!**

I've been helping hundreds of parents planning their trips to Tokyo and having an awesome time in Japan since 2012, ever since my first baby was born.

So in this tutorial I go really deep into all the things you need to consider before coming to Tokyo with your baby.

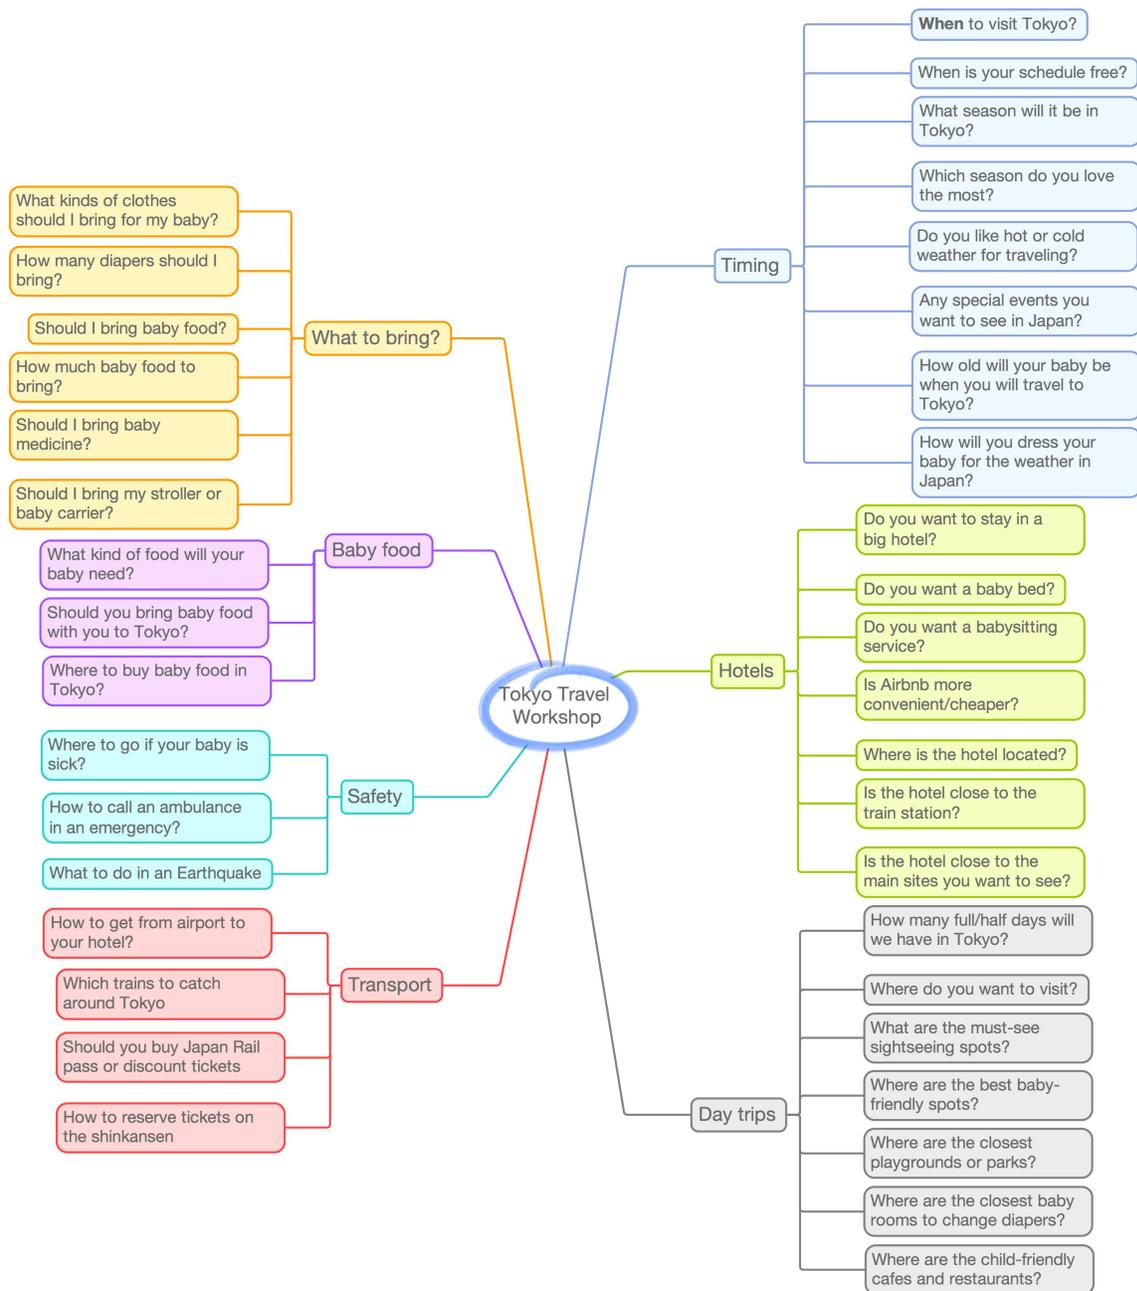

I think you're going to love it!

**IMPORTANT: I know you just want to get going and hurry through this Mindmap immediately. But you will get WAY more out of it if you watch the video: The "No Fail" Tokyo Travel VIDEO that goes along with it. There are LOTS of details in the video that I couldn't fit in this document. So make sure you watch the video here! <https://www.tokyourbanbaby.com/tokyo-travel-workshop/>**

What I've done in this blueprint is boil down the essence of planning day trips in Tokyo with my baby, so you can see it in just a few pages. This is my working "mind map" of the entire process.

You can use this Mindmap as a checklist to make sure you have covered the main things you need to think about before coming to Tokyo with your baby.
